THE GREEN SPRINGS INN

Our people who desire an outing and the finest medicinal and bathing waters anywhere to be found, will please note the ad, in this paper which describes the Green Springs Inn at Safety Harbor, on old Tampa Bay and is noted for its healthfulness and health giving waters. The Green Springs Inn is conducted by Messrs. Dillard and McDonald. It is a roomy, cool and home-like place, thoroughly renovated and refurbished for the season. Day rates \$1.50; by the week, \$7 to \$10; special rates to families. Mr. Sam Dillard is a former resident of Summerfield and South Lake Weir and is well known to many of our people. If you are thinking of an outing give the Green Springs Inn and Safety Harbor a call.

Election news was very meager today. Mr. W. D. Carn is the only man who received any additional news, and that was from the Romeo precinct, by Mr. Noble, the merchant of the place, who said Mr. Carn led the ticket in that precinct. It is conceded that Mr. Carn is nominated for the legislature, and from the data at hand there will be a second primary between L. S. Light and C. L. Bittinger.

The only vote known to a dead certainty from Camp Izzard is that for sheriff. Messrs. Edwards and Galloway tied, Smoak got 5 and C. Y. Miller 2.

The Teapot Grocery has received one of the finest and largest refrigerators that has been brought to this city. The refrigerator is fully seven feet in height. The top tier is divided in five compartments. Also five compartments in the center of the refrigerator with a cold storage box the entire length of the bottom. The top compartment is two feet wide, while the bottom is fully four feet wide. Glass doors with nickle trimmings ornament the refrigerator, which is a most complete piece of furniture.

Friend R. B. Erwin writes from the Linadale precinct that the editor of the Star made a good run in that precinct.

The editor of the Star is invited to speak at the memorial services of the G. A. R. in Ocala Saturday, May 30. He will accept. Editor Harris and one or two others were also invited to speak.

P. U. Milligan, of Eureka, brought the election returns in yesterday. Mr. Milligan said the health of his section was bad. Fever is prevailing.

Dickson Chapter, U. D. C., is preparing to properly commemorate the 100th anniversary of the birthday of Jefferson Davis, which will be June 3rd. All the veterans will be invited to attend and the ladies will serve them a dinner.

Mrs. John L. Davis of Irvine, came down this afternoon to visit her sister, Mrs. Archie McIver and mother, Mrs. Volney Fant.

Mr. Oscar M. Gale, of Bellevue, was in town today. He said the report that Messrs. Carn and Martin each received the same number of votes for representative was a mistake. That Carn got 29 votes, while Bittinger and Martin tied and the vote was either 17 or 19, he could not recall which.

Bob Marshall was in town today from Oklawaha. He said W. E. McGahagin received every vote for county commissioner but one in his district. There were 21 votes but three were thrown out for irregularities. A. D. Mitchell got one vote for the same office.

Mr. D. G. Watkins, one of Dunnellon's enterprising citizens, was in town today as was Homer Dean, who came up with two prisoners who broke into Harry Peter's bar and stole whisky and money. One was bound over in the sum of \$500 and the other in the sum of \$300.

Messrs. C. M. Woolfrock and B. Anderson, of Columbus, Ga., having heard of Homosassa's reputation as a fine fishing place, passed through this city today with bait for bear and fish and prepared to have the time of their lives. Success to the Georgia anglers.

Sam Barco, a student at the Birmingham School, Asheville, N. C., returned home today. The school closed last Friday and Sam and his companions tramped over Mt. Mitchell for three days. Sam is the picture of health. He will spend the summer with his mother and sister at Sunny Slope farm.

Mr. Geo. H. Ford returned yesterday afternoon from a business trip to Woodmar.

Mr. and Mrs. P. D. Bateman, who for the past year have resided at Hastings, have returned to their home at McIntosh. Mr. Bateman was operating a potato farm at Hastings.

The final session of the examining board of the State Dental Association was held yesterday at the Tampa Bay. The work done by the applicants was very praiseworthy and received favorable mention by members of the examining board and there is no doubt but that all applicants will pass satisfactory examinations.

The Greek sponge fishers of Tarpon Springs are thinking seriously of deserting Tarpon Springs and making Tampa their headquarters. Their business last season amounted to a million and a half of dollars. Their reason for the change is unjust treatment and the destructive fires experienced.
